ALDERMEN PASS LICENSE BILL

Messrs. Brill and Fitzgerald Stand Firm and Vote Against Ordinance.

MR. HILL'S STATEMENT

Resolution Appropriating $6,000 From License Receipts for School and Truck Buildings Adopted.

At a called meeting of the Board of Aldermen last night the license bill as reported by the finance committee and passed by the Common Council last month was passed by the following vote—Ayes, Messrs, Hill, Ballenger, Ogden, Field, Summers and President Marbury—6; noes, Messrs. Brill and Fitzgerald—2. This action broke the deadlock which has existed during the past three weeks.

The board was called to order shortly after 8 o'clock, when Mr. Hill said that he submitted the proposition under rule 20, which provides that, "any member of the majority may move the reconsideration of any question carried or lost, provided the motion be made not beyond the meeting next after the decision proposed to be reconsidered," and this he had done, because it was apparent that some persons were using efforts to magnify and mislead the people, as to the condition of the license law. He said he is a member of the finance committee, but was not present at the meeting at which the license law was prepared. Of course he recognized that his associates on the committee had the right, as well as the power, to please themselves in its preparation, and when they informed him that they would not alter the rates on any item he called on those engaged in the liquor business and suggested that all consent to a raise of $50 this year, and thereby evade any unpleasantness. While a large number thought they were entitled to a notice prior to paying state licenses, yet they would not demur to the $50 increase. Knowing the disposition of the Common Council in the matter, Mr. Hill said he made amendments to the law, placing the tax at last year's rate, hoping that a conference would result in a compromise. This had not followed his efforts, and he had since told those who are not engaged in a business outlawed by the general government the Commonwealth of Virginia, or the City of Alexandria, but recognized and licensed under the laws of each and conducted in a majority of cases by men as honorable, as charitable, and who deport themselves as well as others in other business pursuits, that it would be best to accept the ordinance as prepared by the finance committee and passed by the Common Council.

Mr. Hill said that not much would be accomplished if those interested resolve to be angry disputants both in and out of council, and fail to recognize that each should have its day in court. Certainly we should remember that our city is to be legislated for by two and not by one of either of its branches.

Mr. Hill then moved that the action o fthe Board of Aldermen in amending the license law at its meeting on Tuesday, June 10, 1913, be reconsidered and its action in passing the ordinance be rescinded.

This was adopted by the following vote: Ayes, Messrs. Hill, Ballenger, Ogden, Field, Summers and Mr. President—6.

Noes: Messrs. Brill and Fitzgerald—2.

Mr. Hill moved that the ordinance as recommended by a majority of the finance committee and passed by the Common Council be adopted and that the action of the Common Council be concurred in.

This was also adopted by the same vote, Messrs Brill and Fitzgerald voting no.

Mr. Hill subsequently introduced a resolution providing that $6,000 be appropriated from receipts from the license law for the purpose of constituting a fund towards erecting a new public school building and an improved truck house. This was adopted by a unanimous vote.

While the license bill was under consideration Mr. Brill who voted against concurring in the action of the Common Council in increasing the tax on liquor dealers $100, insisted that it was unfair and unmanly to take such action at this time. He alleged that critics had endeavored to intimidate members of the Board of Aldermen and that attempts had also been made to intimidate persons engaged in the liquor business by threats of local option. If the latter were to come it might come now as well as at any other time. He said he could not conscientiously vote for the ordinance in its present shape.

Mr. Marbury said that criticism had no effect upon him and had not influenced him in his action.

The aldermen adjourned after having bee nin session a short time.

TO CALL GENERAL STRIKE.

Miners in New River Field Go Out Next Week.

Charleston, W. Va., June 19.—A general strike of the miners of the New River field included in district No. 29, United Mineworkers of America, will be called next week. Such was the announcement made last night by Thomas Haggerty, national board member, who attended a meeting of the district, and subdistrict boards at Beckley today.

The number of miners affected will be between 5,000 and 15,000, depending upon what concessions may be granted by some of the operators within the next few days. While the strike will be in effect generally in that field, in some instances operators have granted demands, and these operators will be protected when the strike comes.

The board members at yesterday's meeting at Beckley held the strike in abeyance but it is Haggerty's opinion that it will be called by the board some day next week. The miners, he declared, are extremely restless and would likely organize a walkout in case the strike should not be called by the district board.

The New River operators are conferring among thmselves, but have made no announcement of their plans. The coming strike in the New River field is expected to result in a renewal of the strike on Cabin and Paint Creeks, where an attempt was made at meetings of the miners to call a strike last Monday. If the Paint and Cabin Creek miners follow the example of the New River miners the men on strike will total from 15,000 to 25,000.

Girl Assistants.

Director Joseph E. Ralph, of the bureau of engraving and printing, in Washington announced yesterday that an additional force of 80 girls will be taken into the department as printers' assistants about July 1. This was made necessary, he said, as the result of arrangements having been made to retain 80 of the 105 plate printers who, it was thought, would have to be dropped. Director Ralph yesterday notified 25 plate printers that their services will be dispensed with June 30, there not being sufficient work in their department to keep them busy. They may be taken back at any time when there is work for them to do. A mass meeting of members of the union will be held this evening to protest against the action of Director Ralph.

PREPARATION OF CURRENCY BILL

Congressman Glass Says Measure Will be Brought in Next Week.

MORE CHANGES MADE

Bill Provides For Radical Departures In Existing National Banking System of Country.

Washington June 19.—The administration's currency bill is again in fairly complete state, and will be introduced in the House and Senate next week. This was the statement made by Chairman Glass, of the House Banking and Currency Committee today. He attended another White House conference last night, at which eleventh-hour changes were discussed.

A summary of the approximately complete bill printed below, shows that it carries radical changes in the existing national banking system, in connection with the creation of the Federal Reserve board, which will become virtually the money-issuing agency of the Government.

The bill provides for the establishment of federal reserve banks for furnishing an elastic currency affords means for the rediscounting commercial paper, and the establishment of what is claimed will be a more active government supervison of banking.

As now framed the bill divides the country into fifteen regional reserve districts, each with a governing board but all under a central reserve bank in Washington. This reserve board is to be composed of nine members — three cabinet officers, three members appointed by the regional reserve associations, probably bankers, and three members appointed by the President.

Issue of $500,000,000 in emergency currency by the reserve board is authorized in the bill. This is to be a species of "asset" currency,not based upon gold reserves, but upon federal, state and local bonds or commercial papers, the latter to be approved and limited by the judgment of the reserve board.

Interest upon the emergency currency is to be fixed by the separate reserve association. It is not proposed that it be uniform in all of the fifteen districts.

Membership of all national banks in the separate reserve associations is obligatory according to the bill, and loans upon real estate limited to 50 per cent. of its value and to a period of nine months, are another proposed feature.

The steamer Charles Macalester stopped at this port yesterday, morning on her way to Marshall Hall. The boat was densely packed with orphan children of Washington and a number were taken on here. It was the annual outing given the children by the Elks of the Capital City. The weather was ideal for the excursion and there was joy in the air.

The children were entertained in various ways upon reaching the resort and they were presented with souvenirs in the shape of toys. All the amusements at Marshall Hall were turned over to the children. Later in the evening the Elk's held a carnival at the resort.

The following composed the committee of Alexandria Lodge: Jas. B. Martin, Chairman; Rev. Edgar Carpenter J. F. Birrell, J. B. Fitzgerald, Herman Friedlander.

WETS' CONTEST FAILS.

Judge Peatross Holds That There Was no Violation of Statute.

Danville, Va., June 19.—Judge R. W. Peatross, of Corporation Court, has handed down an elaborate opinion dismissing the petition of certain voters who recently instituted a contest of the validity of the local option election of April 15th. He placed the costs on the petitioners.

The contention of petitioners was that the statute authorizing the annexation of the town of Neapolis to Danville, under the terms of which voters in orth Danville are excluded from participation in liquor elections in the south, or major portion of the city, was in violation of the Constitution, in that it deprived certain voters of their rights.

The court holds that the Constitution prescribes no qualifications for voters except in the matter of voting for members of the General Assembly and all offices elective by the people. The election of April 15th was not such an election, hence no voter could have been deprived of any right under the Constitution The opinion, after citin g numerous authorities, concludes thus:

"The law authorizing the election complained of was valid and the election was held in accordance with it. No one is shown to have been deprived of the right to vote nor has the election been shown to be invalid. But the court is of opinion that it was duly held and was valid, and that the petition must be dismissed."

It is currently reported that counsel for petitioners will appeal th case.

BULGARS MAKE A DEMAND ON SERVIA

Must Evacuate All Balkan Territory in Disputable Turkey.

GIVEN BUT ONE WEEK.

Bulgarian Note Regarded as an Ultimatum—Failure to Comply May Precipitate Another War.

Vienna, June 19.—The Bulgarian government today formally demanded that Servia immediately evacuate all Balkan territory in disputable Turkey.

If Servia does not comply with this demand within one week Bulgaria will occupy the territory forcibly with troops.

It was learned from an authoriatative source here that the Bulgarian demand, based on the treaty existing between that country and Servia before the war against Turkey, amounts to an ultimatum, and unless Servia complies there is grave danger of war.

Bulgaria and Servia, with Greece, agreed to let Russia arbitrate their differences over disputed territory, but Bulagria holds that Servia now occpuies certain Bulgarian ground, about which there can be no dispute.

ASSAULTED A BARKEEPER.

Fairfaxians Come to Town for a Jamboree and Commit Assault.

At a late hour last night two residents of Fairfax county entered a saloon in the western section of the city and asked to be served with liquor. The saloonkeeper refused to serve them for reasons best known to himself and succeeded after some difficulty in getting them out of the place. The couple subsequently entered another public house in the neighborhod where they became involved in a row with the man in charge and before they left assaulted the barkeeper. They then left the place but were located by the police, who succeeded in capturing one, but his companion got away. The man left collateral for his appearance in the Police Court, but the party who was attacked not desiring to prosecute the assailant, the latter will probably forfeit his collateral by failing to appear.

MEATS SUBJECT TO PURE FOOD LAW

Important Step Towards Protecting Country's Supply.

CAN MAKE SEIZURES.

Alleged Inadequacy of Inspection Law—Unfiit and Rotten Meat is Often Sold.

Washington, June 19.—Believing in in pure food law enforcement and in a policy of resolving all doubts on the question of purity in foods in favor of the public, think the new policy of the government which holds meats and meat products shall be subject to pure food inspection, will prove one of the most important steps yet taken toward protecting the country's food supply.

Hereafter meat and meat products, regardless of whether they have been inspected as contemplated in the federal meat inspecting act, are to be subject to the pure food law. This means that if a pure food inspector goes to the markets and finds meats which are adulterated, misbranded or in a condition unfit for food he can seize it and take the usual proceedings for condemnation and prosecution.

No end of evidence has been found to prove the inadequacy of the federal meat inspection. No end of unfit and rotten meats have been palmed off on the public, despite this law and in some cases, with the federal authorities winking at it. Startling testimony in this respect was laid some time ago before the house committee on expenditures in the Department of Agriculture.

Efforts were made in vain under the Nelson resolution to get an investigation of the charges that the meat inspection law was not being enforced, and Congressman Nelson will renew the effort for an investigation, if the new administration does not make it necessary.

It is believed that the decision to enforce the pure food law against meats and meat products will compel the meat inspection service to be more strict. Secretary Houston will have in the pure food inspector a constant check on the inspection system.

The new ruling may play an important part in the tariff bill's consideration. A mooted question in connection with the bill is whether to impose on meats brought in free from abroad the same requirements as to purity which the meat inspection law imposes on domestic meats. If the pure food law is applied rigidly to all meats in interstate commerce, the shippers of foreign meats themselves will be obliged to confine their shipments to meats which are fit for food purposes.

EXERCISES AT SEMINARY.

Impressive and Instructive Services Are Witnessed By Many Persons

The commencement exercises incident to the close of the ninetieth session of the Episcopal Theological Semitary near this city, were held at that institution today, at ten o'clock a. m. The President, Bishop Gibson, the professors and members of the senior class vested in their academic gowns marched from Prayer Hall and took their appointed places in the Chapel. After a short devotional service by Bishop Gibson, the following essays were read by three members of the graduating class chosen by the professors of the several departments in which the essays had been written, as follows:

The Titles of the Psalms by Louis Ashby Peatross; 'Evolution the Ally of Religion,' by Paul Micou, M. A., and 'The Holy Spirit as reveaed in Christ' by Conrad Harrison Goodwin, M .A. These essays were of good quality and were well delivered.

Certificates were next presented by the President to certain members of the senior class, who did not take the fall course of studies as follows:

Edward E. Burgers, Jennings Wise Hobson and Stanley Searing Thompson who were canonically dispensed from Hebrew and Greek, William Taylor Willis who was dispensed from Hebrew, and Milward Wheeler Riker and Cyprian Portee Willcox, who passed successful examinations in certain departments of study pursued by them.

The graduates who received the diploms of the Seminary were Carleton Barnwell, B. A., and Theodore St. Clair Will, A. B., of Baltimore, Md., Bowyer Campbell, Churchill Jones Gibbon, B. The above gentlemen who received the diplomas of graduation were also recommended to the board of trustees for the degree of bachelor of divinity as all of these passed the high grades of marks necessary for the same. They will not receive this degree before their ordination to the Priesthood. This is the first instance since the degree has been granted that the whole number of graduates have been competent to be recommended for it.

The address to the graduating class was delivered by the Rev. G. McLaren Brydon, of King George county, Va., after which Bishop Gibson declared the ninetieth session of the Seminary closed with its usual devotional exercises.

IN NEED OF IMPROVEMENT.

One Square on Wilkes Street is Being Reclaimed as Result of New Warehouse

The erection of the storehouse and distributing depot of the National Biscuit Company on the north side of Wilkes street, between Washington and Columbus,has rendered necessary the improvement of that square. It is suggested by people who reside on that street, that the time has arrived for an extension of the work on that thoroughfare, as doubtless less has been spent on Wilkes street in the way of making the street presentable than on any other highway in Alexandria.

Apart from constructing gutters on certain portions, the thoroughfare shows but little change since the city was laid out.

Many years ago the United States Government constructed a macadam roadway from Alfred street to the National cemetery. A brick sidewalk was also laid on the north side. This work has been in a bad way for some time as a result of neglect.

Cobblestones are being removed in different parts of the city in order to make way for modern paving. The cobblestones could be used on improving Wilkes street.

From Lee to Union the roadway has been virtually eliminated by the Southern Railway Company, and the fence which formerly existed on the north side to keep pedestrians and cattle from falling down the embankment on the tracks is falling down.

NEWS OF THE OLD DOMINION.

RANGER COVERING GLOBE.

Captain of Territorial Police Visits Richmond on Last Leg of Journey.

Richmond, Va., June 19.—Governor Mann had an interesting visitor yesterday in the person of Captain Alfred James Brown, an officer of the Alaska Rangers, who started out from Nome over four years ago on a hike around the world and is now on the last leg of his journey which he expects to complete in October.

Arrayed in the khaki garb of the territorial police, grizzled and tanned by the sunny climes of the tropics, the captain bustled into the executive office yesterday afternoon with the agile step of a youth of twenty, although the globe trotter confesses to 56 summers. He was just a few minute too late to see the executive so Captain Rives Hardy signed up the books which bears signatures from all over the globe, ranging from a mayor to an emperor, and put the official seal of the commonwealth of Virginia forninst it in official outestation of the fact that the captain had set foot in Richmond.

BODY FOUND IN BALTIMORE.

Believed That Young Thomas Was Robbed And Then Murdered.

Heathsville, Va., June 19.—The remains of young Thomas, who had been missing for several weeks, were brought home Tuesdy from Baltimore and interred in the family cemetery at the home place.

About three weeks ago he went to Baltimore, carrying a large sum of money with which to purchase an engine. He disappeared. Everything possible was done by his family to locate him, but all efforts further than tracing him to a boarding house were futile. In the last day or two his body was found wedged in the piling at the dock, and identified by papers and his brother's watch, which was in the inside pocket of his coat. His own watch and all the money were gone. It is supposed he was robbed and murdered and concealed in this place.

He leaves his father, mother, several brothers and a sister.

STORM IN DANVILLE.

Ominous Cloud Brings Recollections of Cyclone of 1911.

Danville, Va., June 19.—Some damage was occasioned Tuesday throughout the city as a result of a strong wind which accompanied the thunderstorm, breaking at half past five o'clock.

The ink black cloud which formed in the northwest at one time indicated the recurrence of the cyclone of two years ago, and when the blow came the air was thick with flying rubbish. In practically every portion of the city trees fared badly and large limbs were torn off and carried away. On Broad street a broken branch coming in contact with an electric light wire caused a small pyrotechnical display until the city repair force hurried out to make good the damage.

In some yards the major portions of trees were blown down, while similar damage was occasioned in North Danville.

CANDIDATE FOR SPEAKER.

Hampton Man, Seeking Position, Says He is in Race to Stay.

Richmond, June 19.—Harry R. Houston, of Hampton, one of the three avowed candidates for speaker of the next House of Delegates, was here Tuesday afternoon to meet his friends. Mr. Houston declares that he is very much in the race, that he has been assured of support by many of his former colleagues, and that he believes he stands a good show to win.

Other avowed candidates are Hugh A. White, of Lexington, and Edwin P. Cox, of this city. Judge Martin Williams is understood to be a receptive candidate, but has not announced that he will enter the contest. What he may do after the members are elected has not been determined, but he is being urged by friends to make no announcement of his intention until after the election in November.

RELIEVED OF HIS CHARGE.

Pastor Kissed Married Woman With Whom he Sympathized.

Richmond, Va., June 19.—Because through sympathy, he kissed a married woman, a member of his congregation, Rev. David Francis, pastor of the Third Christian Church, of this city, was relieved of his charge yesterday, by the official board after an investigation into the charges.

The board agreed not to publish its findings in detail after exacting a promise from Mr. Francis not to attemp to occupy a pulpit in the Christian Church again.

Mr. Francis does not deny that he kissed the woman, but does deny that the kiss was implanted with improper intent. The woman, who had been confiding to the pastor her troubles appeared at his boarding house last week, and when she commenced to cry he comforted her with a touch of his lips upon her cheek.

The deposed pastor came to Richmond from Nova Scotia last ctober He is married , and members of his congregation speak of him as an especially gifted and forceful speaker He stated that he would remain in Richmond, but had not decided what his future occupation would be.

"I will not be Governor then," said Governor Mann, "but I will use my influence with the next legislature to devise plans for the sending of the Richmond Blues and the Virginia Military Institute cadets to the celebration, which I will also attend personally and urge upon all Virginians to do so.

Mayor Ainslee and other Richmond city officials were also given similar invitations .

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast, emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

END OF LIQUOR LICENSE CONTROVERSY.

The Board of Aldermen has put a quietus on the vexed liquor license question which had for several weeks been the principal theme of conversation with many. The members of the board refrained from any spirited debate, and the members voted their sentiments without regard to what has been said pro and con.

Mr. Hill, who moved that the Aldermen recede from its action, stated in a concise manner all that need have been said, and there was no disposition to retort, although some of his references were pointed. This was at it should have been, and those who favored the passage of the bill as recommended by the finance committee which was adopted by the Common Council kept out of what might have proved an angry colloquy had the ball have been put in motion.

The license bill has now been passed by both boards. It only remains for it receive the signature of the Mayor when it will be published in its entirety.

It is realized by all that the growing expenses of the city and the enormous outlay for improved street improvements render it necessary for the city to receive additional revenue.

There are many things yet to be accomplished. Movements are now upon foot to improve other squares of the city, but the city has mapped out about all that can be accomplished this year.

The proposed new high school building and a modern truck house will, of course, follow in due course of time.

In the language of Ulysses S. Grant, "Let us now have peace."

The tariff bill is out of committee and ready for caucus. Two or thre more days like we had last Monday and Tuesday will see it pass the whole body.

Kisses are, ordinarily, cheap cheap enough, but one cost a Richmond pastor his pulpit the other day.

Now the Rochester, N. Y., City Council is trying to put a ban on certain styles of women's clothes. Bachelors, doubtless, have a majority in council up there, but it is going to be awfully tough on the minority when those curtain lectures commence.

It looks as if Senator Martine bit off more than he could chew over there in West Virginia. He is not the first legislator who has started something, he couldn't finish.

Talk is cheap, all right. A Michigan editor, it is recalled, got a whole lot of violent conversation off his chest at a cost of only six cents.

The militant suffragettes have overlooked a convert in the person of "Mother" Jones, of West, Virginia. A miner on the witness stand yesterday was obliged to admit that "she swore a good deal for a lady."

One of the candidates has dropped out of the race for attorney general. This is a sensible performance that might be copied by other candidates for other state jobs, and be a wonderful saver of time and money.

This new currency measure is going to make money more elastic, we are told. This will be glad news to a lot of us, whose money has shown a lack of elasticity commensurate with the difficulty of getting hold of it at all.

Think of some guy stealing that suffragette flag from the Washington headquarters. That fellow can get a paying position with Scotland Yard any time he wants it.

A delegation of Japs is touring about and getting the glad hand everywhere. We reckon they'll show them a sample of our target practice before they get back to the land of jiu jitsu. It could be gotten in very nicely at some military naval review, and would probably make an impression.

COFFIN TOO LARGE FOR HOUSE

Nine Men Required as Bearers of Woman's Body.

Philadelphia, Pa., June 19.—A casket 36 inches wide, 20 inches deep and six feet long, was required to hold the body of Mrs. Annie McGinley 48 years old, Camden, whose funeral took place yesterday. Fatally stricken with elephantasis, Mrs. McGinley grew to such size before the end came that the doors of her home were not large enough to permit entrance of the casket, and services were held at a Broadway undertaking establishment.

Nine men were required to carry the casket.

TUTOR'S DOUBLE DISGRACE.

Misled High School Pupils and Passed Bad Checks.

Atlantic, City, N. J., June 19.—Wanted on the charge of cashing several worthles schecks at a beach front hotel early last spring, Clauce Weymann, formerly instructor in the commercial department of the Atlantic City School, has been arrested at Albany, N. Y. When he has answered to several serious charges there and in Boston it is probable that he will be returned here for trial.

Weymann's career at the high school was cut short when it was discovered that he was educating a few of his fair pupils in the cafe life of the resort, rather than in their commercial studies. He had been engaged for a year and had been received into the inner social circles of the resort before his alleged duplicity was exposed.

The two left as bride and bridegroom for a honeymoon in the east.

Dr. Jenkins and Miss Phipps were exploring the Luray Caverns when they decided to marry.

NEWS OF THE DAY.

The gigantic Hamburg-American liner Imeparator, greatest of all steamships, arrived at Sandy Hook early last night on her first voyage from Hamburg to English ports.

Charges that the recently announced gift of $1,000,000 by Andrew Carnegie to the Vanderbilt University at Nashville "is not a donation, but a shrewd attempt to get control of part of the university property," and that th e retired ironmaster is dangling money before the public with the purpose of influencing litigation pending over the University," are made in a statement given out yesterday by Bishop W. A. Candler, of the Methodist Episcopal Church South. Bishop Candler characterized Mr. Carnegie's offer as an "impudent proposal of an agnostic steel monger."

The Parish Church at Rowley, Regs, near Dudley, England, was destroyed by fire last night with a loss of $30,000. The fire is attributed to suffragists.

Capt. John Andrew Doggett, of Portland, Me., and five members of the crew of the Gloucester fishing schooner Alympia went down with their craft when she was rammed off Sable Island in a dense fog early yesterday morning by the Warren line steamer Sagamore.

The reason the crack liner Lusitania is so long delayed at Liverpool has been announced to be because her turbine engines are being completely replaced. The greyhound is being equipped with high power naval rifles, in conformity with England's new policy of arming passenger boats.

The congress of the International Women Suffrage Alliance at Budapest yesterday raised $12,750, mainly subscribed by American and British delegates, to be used in establishing an international headquarters.

George Carter, a tobacco salesman of Granville, Ohio, was killed, and David Green, of Philadelphia, was sightly injured when an automobile in which they were riding turned turtle on North Broad street, after a three-mile race, with two motorcycle policemen in pursuit. The machine was taken to Phiadelphia from Wheeling, W. Va., by Carter, to distribute advertising matter and tobacco for the firm which employed him.

The plant of the A. L. Due Fireworks Company in Camden, near Cincinnati, blew up with a roar that could be heard for miles yesterday afternoon. Harry Rohrer was blown through the roof, a living torch. He will die. Another employe was badly burned.

Frank Diamond, a middle-aged man, told on the river front at Mobile last night by a companion under the influence of liquor that he had either to fight him or jump overboard, chose the latter course and drowned before help could reach him.

Two firemen were killed and six were seriously injured when fire destroyed the North High School building yesterday in Minneapolis, Minn. The fire left the school, in the northwestern part of the city, a mere shell of brick and twisted iron. The loss on the building is place at $325,000, on contents, including equipment and supplies, $50,000.

Mrs. Anna Casey, knowing that an ambulance was to take her soon to a hospital for examination as to her mental condition, jumped four stories from the front window of her home in Brooklyn, yesterday, and was killed. A fox terrier owned by Mrs. Benjamin Lazowitz, who lived two stories beow Mrs. Casey's home, was on the window ledge when Mrs. Casey jumped. As she fell pass him the dog snapped at the woman's garments. His teeth caught in the cloth and he was dragged to his death.

This tract, the old home of Lord Fairfax and separated from George Washington's home at Mt. Vernon by Dogue Creek, originally consisted of approximately twenty-seven hundred, (2,700) acres, of which 1,500 acres has been taken by the United States Government for a school of Equitation of Horsemanship. The balance, between ten and twelve hundred acres consists of valuable farming lands and about eight hundred (800) acres of valuable timber It has a large deep water frontage on the Potomac river as well as a large frontage on Dogue Creek, with valuable fishing shores. The property is improved by an old mansion house, familiarly known for many years as the "White House," a club house, barns, stables, out-buildings and tenant houses. It is situated on the county road between Mt. Vernon and Accotink, and is about four miles by road from Mt. Vernon. This property is one of the most historic in the section and would make a very desirable country estate because of its location and the opportunities afforded for fishing and shooting.

Studebaker

"I've had my Studebaker 15 years—and not a cent for repairs"

A word of just praise for a wagon that has done its work faithfully and well.

Men become attached to their Studebakers—proud of them.

Because they realize that a Studebaker is built on honor and with an experience in wagon building that dates back to 1852.

Studebaker wagons are a result of that long experience, coupled with a desire to build the *best* wagons, not cheap ones.

And when your dealer says "Buy a Studebaker—there's no better wagon made" he's giving you the verdict of a million farmers. He is not asking you to try an experiment.

DIES HASTENING FIRE.

Blazing Oil Envelopes Unfartunate Housewife.

Philadelphia, Pa., June 19.—Kerosene used to hasten a wood fire in the kitchen range last evening caused the death of Mrs. Bessie Caplan, 42 years old, of Thorofare, Gloucester county. Mrs. Caplan was so close to the stove when the oil blazed up that the flames ignited the flimsy material in her dress, and in a twinkling she was a veritable torch.

Before other members of the family could smother the fire, Mrs. Caplan had been burned from head to foot, and her death ensued shortly after she was admitted to Cooper Hospital, Camden.

GRAFT IN DUAL TRAGEDY.

Woman Apparent Perpetrator of Murder and Suicide.

Lewiston, Pa., June 19.—Murder and suicide came to light yesterday morning when the bodies of Wm Hough and Mrs. Sarah Seitles were found in the latter's home in West Juniata street, with bullets in their brains.

Hough, who was a farmer, 28 years old, was found on a lounge in the sitting room shot through the head above the right eye. The indications are that he was shot while asleep and died without a struggle.

Mrs. Seitles a widow, 47 years old was found on the floor near the lounge, a bullet hole in her right temple. At 2:30 yesterday morning neighbors heard four shots fired at intervals of a minute, but made no investigation until yesterday morning, when Mrs. Joseph Jones notified the sheriff, M. M. Bricker, who found the bodies.

Only a few hours before the crime Mrs. Seitels was seen going in the direction of Hough's home, uttering threats against his life.

It is believed she enticed him to her house and shot him while asleep, taking her own life when she recognized the enormity of her act.

NEWS OF THE DAY.

Seeking to escape a fusilade of rocks from a crowd of white boys, Clifton Brown and Raymond Dobbins, two little negro boys, went beyond their depth in the Swannanoa river, just above Biltmore, N. C., yesterday afternoon and were drowned. The little negro boys, with some companions, had gone in swimming, and, according to the story told by the companions to officers who went to the scene, were attacked by a crowd of white boys, who rocked them. Seeking to escape the rocks, they went out beyond their depth and were drowned.

An unexpected sequel to the recnt burglary in the Berkley Hotel in Piccadily, London, is the arrest of a night porter, Arthur James, charged with being concerned in stealing from the hotel safe cash to the value of $35,000 and attempting to murder Cowers, another night porter. A large rat in the hotel dining room led to James' arrest. Employes of the hotel in hunting down the rat found its hole under the radiator and through it saw a gleam of gold. The floor was taken up and there was found more than half of the body. It is charged that James, who was found bound and gagged near the safe on the night of the burglary, acted in conjunction with a continental gang of thieves.

James Kiely is still suffering from a shock of witnessing what his relatives and friends believed to be his own "wake." When he returned to his home in Kearney, N. J., Tuesday night, after a few days' absence on a painting job, he found his sister, Mrs. Catherine O'Brien, his two brothers, and a score of neighbors sitting in the front parlor weeping over a coffin. His sister fainted at the shock of seeing him. The other mourners, when assured that he was not a ghost, explained affairs. During his absence the newspapers had told of the death of James Kelly from sunstroke in Newark. When Mrs. O'Brien read the item she feared that the victim was her brother, and that the paper had mispelled his name. She viewed the body, and the features were so nearly teh double o fthose of her brother that she believed it to be his body, and ordered it removed to her home.

Thirty federal soldiers were executed by the insurgents under gen. Francisco Villa according to American refugees arriving yesterday at El Paso, Texas, by hand car from the interior of Chihuahua state. They related that this was done in revenge of a ruse of the federals which proved unsuccessful when Villa's men attacked two troop trains at Bustilles, Chihuhua, last Friday. The federals had asked permission to send two trains with women and children through the rebel lines. Villa agreed, but on seeing the train approaching laden with soldiers he ordered an attack. Besides the capture of thirty prisoners, many of the government troops were killed and the remainder of the 400 federals forced to return toward Madero.
